

-
- A 3D architectural rendering of a two-story house with a dark grey gabled roof. The roof is covered with a large array of black solar panels. The house has light brown walls on the upper floor and dark grey walls on the lower floor. There are several windows, some with white frames and curtains. A small balcony is visible on the upper floor. The house is situated on a green lawn, and a dark grey driveway or path leads to the front. The entire scene is set against a plain white background.
