

This architectural elevation drawing shows the front facade of the building. The ground floor features a central entrance with a set of stairs leading up to a double door, flanked by large windows with vertical blinds. To the right of the entrance is a large, dark, diamond-shaped decorative element. The upper floor has a series of windows, including a large multi-paned window on the left and a smaller one on the right. The roofline is flat, and the building is surrounded by a low wall and a paved area.

-
- A 3D perspective line drawing of a two-story house with a gabled roof. The roof is covered with solar panels, arranged in two main sections. The house has large windows on the ground floor and smaller windows on the upper floor. A small, square, white structure is attached to the side of the house.
